## 🧠 SKILLS

JAVA

Spring Boot

Hibernate

Unit testing

GIT

Linux

SWING

SQL (Oracle / MSSQL)

HTML / CSS

XML

Docker

## 🎓 EDUCATION

2019 - present **Applied Computer Science, Lodz University of Technology** Łódź, Poland

2015 - 2019 **Computer Science, Technical School** Rawa Maz., Poland

## 📁 PROFESSIONAL EXPERIENCE

04/2021 - present **Support Specialist, Dhosting.pl** 🌐 Remote, Poland  
The main task is to solve all kinds of our customer problems, starting with basic assistance and information on the hotline, through configuration of DNS zones of website domains, file management (eg: restoring backups / editing site files), checking logs, assisting with managing website databases. In this job I learned to work under stress due to direct contact with clients.

### Internship

01/2018 - 02/2018 **Invar PC MEDIA** Skierniewice, Poland  
The internship took place in the computer service, the main responsibilities were detection and repair of problems in computer hardware, optimization of computer systems, assembling computers and installation of interactive whiteboards in various facilities

09/2016 - 10/2016 **Youthfully Yours GR** Larissa, Greece  
Foreign internship for IT technician realized within the Erasmus program. The main responsibility was to create and develop website running on Wordpress.
